Round 2: July 1, 2022

Round 3: November 1, 2022

Purpose

According to data from Child Care Aware ND, if we added childcare programs to support an additional 3,882 children, we would meet only 50% of the childcare needs just in the markets we currently serve in ND. Some of the largest needs identified were higher wages and benefits for childcare providers; additional insurance needs as a daycare expands its capacity; help with finding buildings and staff; and assistance with special projects like adding an egress window.

The Choice Bank Child Care Grant Program is meant to support three primary areas of need:

Start-Up Costs

Establishing new child care facilities.

Replacement/Expansion Costs

Expanding new or existing facilities, purchasing new or replacing/repairing equipment, fixtures, etc.

One-Time Operating Expenses

Training for staff, one-time hiring bonuses, one-time contributions to employee HSA's, etc.

We want these small grants to be a stepping-stone for these facilities to continue to provide such a critical service to our communities. We recognize that access to childcare in many of our communities is vital to ongoing economic stability.
